We're ready to support your UAD 3.6 transition

UAD 3.6 explained

Single dynamic report
One dynamic report replaces the numbered appraisal forms, with far more structured data

New delivery package
A zip file of XML, PDF and images goes to the GSEs through UCDP

Same appraisal science
How value is determined is not changing. How it is reported is.

Key dates

Nov 2, 2026
UAD 3.6 required for new GSE submissions unless a lender has an approved exception*

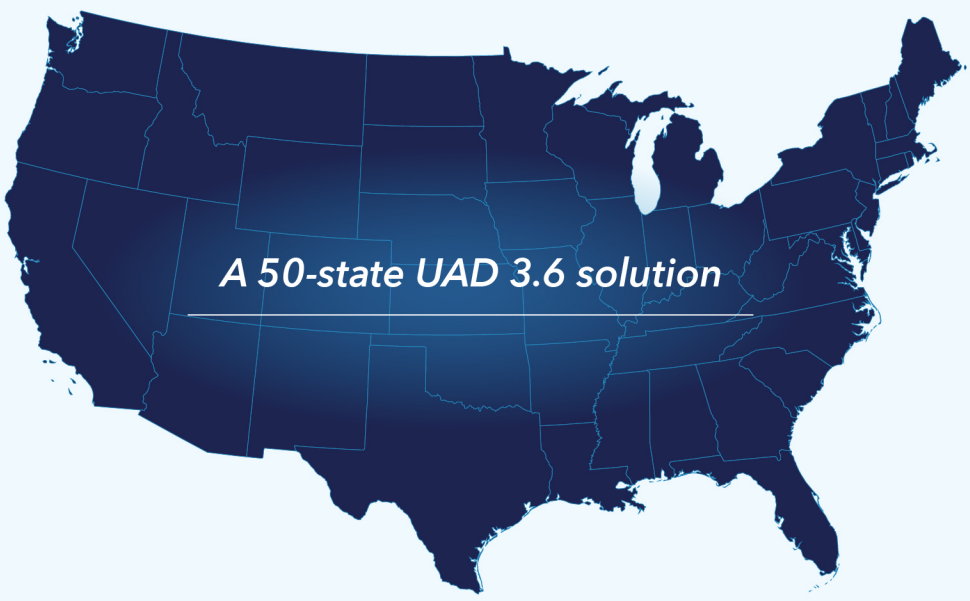

Mar 1, 2027
Exception lenders lose rep and warrant relief for value on 2.6 submissions

May 20, 2027
UAD 3.6 required for all new submissions exception*

Jun 28, 2027
UAD 2.6 retired completely

**Lenders with approved exceptions may continue submitting UAD 2.6 through Feb 28, 2027. UAD 3.6 is available for optional use with FHA loans, with no mandatory transition date.*

Why lenders choose ServiceLink

Our integration:
We're integrated with Calyx Path. Our integration supports UAD 2.6 and 3.6, so you can move on your timeline.

Our prepared panel:
We have nationwide 3.6 panel coverage

Our experience:
Thousands of UAD 3.6 orders completed since March ... totaling more than most other AMCs combined

Our quality:
Automated rules with UCDP or EAD submission on request

Our borrower focus:
Borrowers schedule inspection appointments for their preferred date and time, with instant confirmation

Our suite of services:
We offer a full suite of services – including inspections, desktop, hybrid and full appraisals

How to get started

Let's partner to keep your deals moving
